

Overview

With its new TC7 SMART heat press, Secabo opens up new innovative paths leading to even better performance. This latest development of the successful automatic knee-lever press Secabo TC7 introduces a world novelty to the market, which opens up a variety of new options to users: The controller of the TC7 SMART now comes equipped with a Bluetooth interface that allows for controlling the press via the free app Secabo Smart Transfer, while also providing access to a comprehensive function database. This allows users to: Simply enter the type of fabric and the transfer material and immediately retrieve the matching combinations of temperature, time and pressure. Additional features, such as the calculation of heat-up times and warning functions, make the app a valuable assistant for all common heat transfer methods. The new heat press Secabo TC7 SMART offers a work surface of 40 x 50 cm, is easy to use and robust in ongoing operation. The modular design allows for quick and easy installation of removable plates in various formats, a quick change system and a slide extension.

technical data

pressure setting	the heating plate can be adjusted with a hand reel
net weight	39 kg
working area	40cm x 50cm
scope of delivery	Mechanical base, heating plate and base plate, controller box, C13 power cord, tools, manual
max. working pressure	250 g/cm ²
max. clam angle	40 °
max temperature	225 °C
maximum time preset	999 s
power supply	AC 230V / 50Hz - 60Hz, 2.0kW
environment	+5°C - +35°C / 30% - 70% humidity
Dimensions closed	43cm x 57cm x 75cm
Dimensions open	43cm x 93cm x 74cm
